

**Uputa za promjenu PIN-a za FINA USB uređaj
ActivClient 7 na Windows 7 / 8 / 10**

Raiffeisenbank Austria d.d.

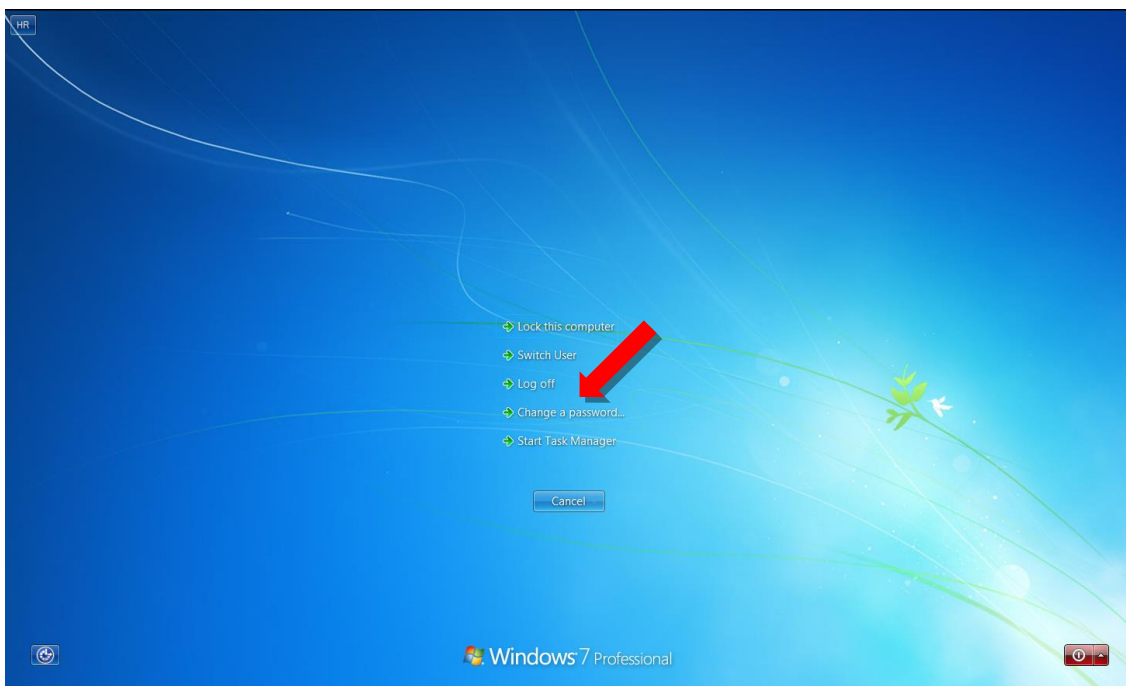

Zagreb, srpanj 2017.

U **ActivClient verzija 7** nije dostupna opcija putem koje je omogućena samoinicijativna promjena PIN-a koji se koristi za Activ Key USB ili SmartCard sa pohranjenim FINA Certifikatom.

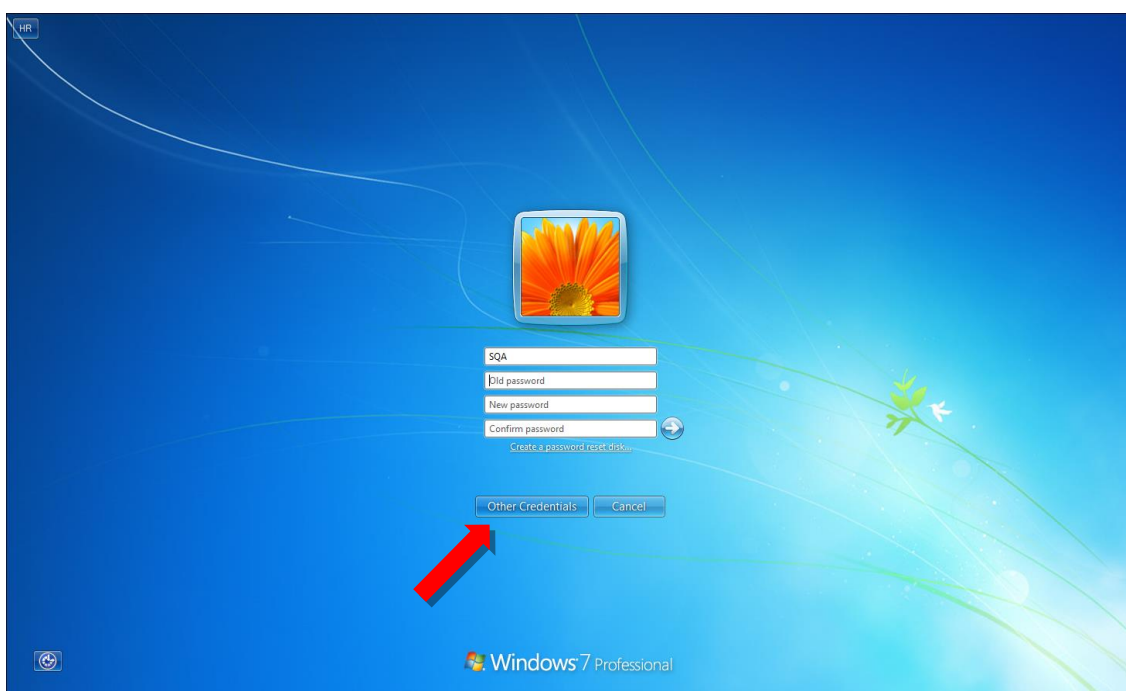

Opciju PIN Initialization Tool nije uputno koristiti jer će ista obrisati FINA Certifikate s uređaja.

Postupak promjene PIN-a na operativnom sustavu Windows 7

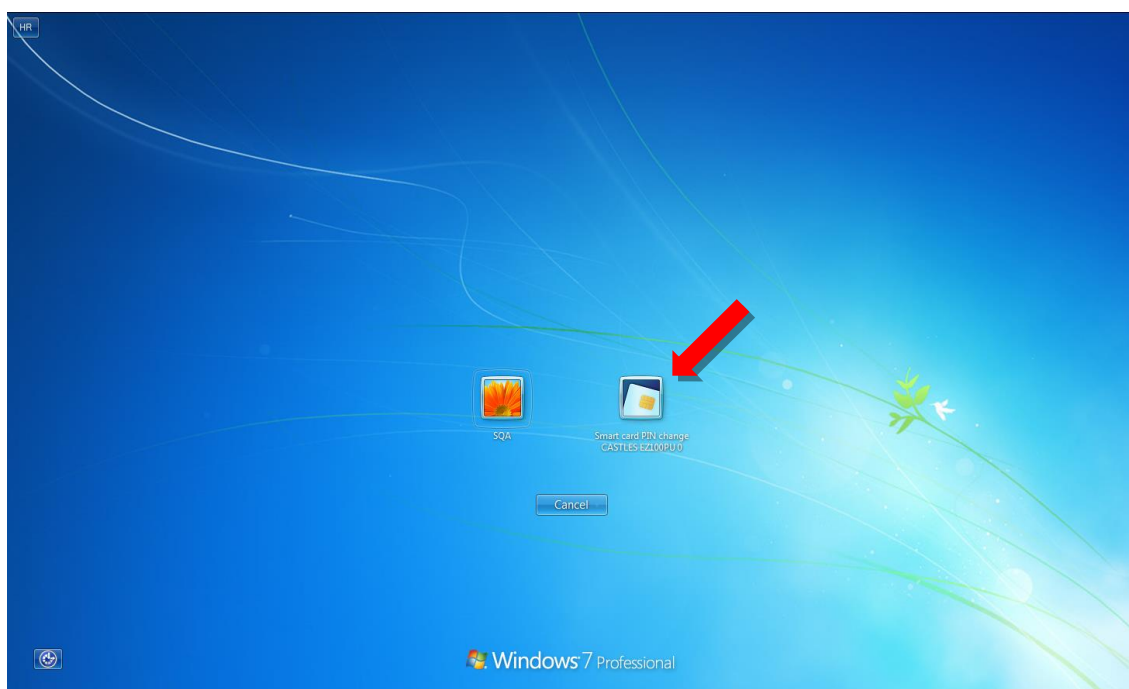

U slučaju potrebe za promjenom, na tipkovnici pritisnuti kombinaciju tipki **Ctrl+Alt+Delete** i odabrati opciju **Change password...**

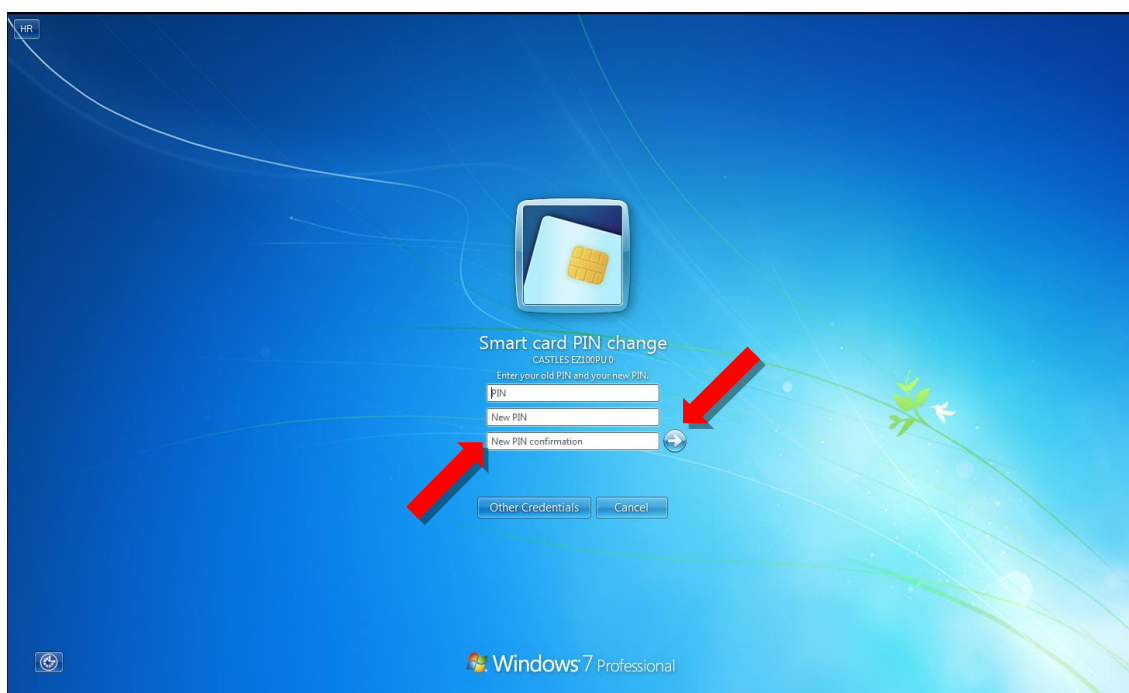

Odabrati odabrati opciju **Other Credentials...**

Odabрати ikonu **SmartCard PIN change...**

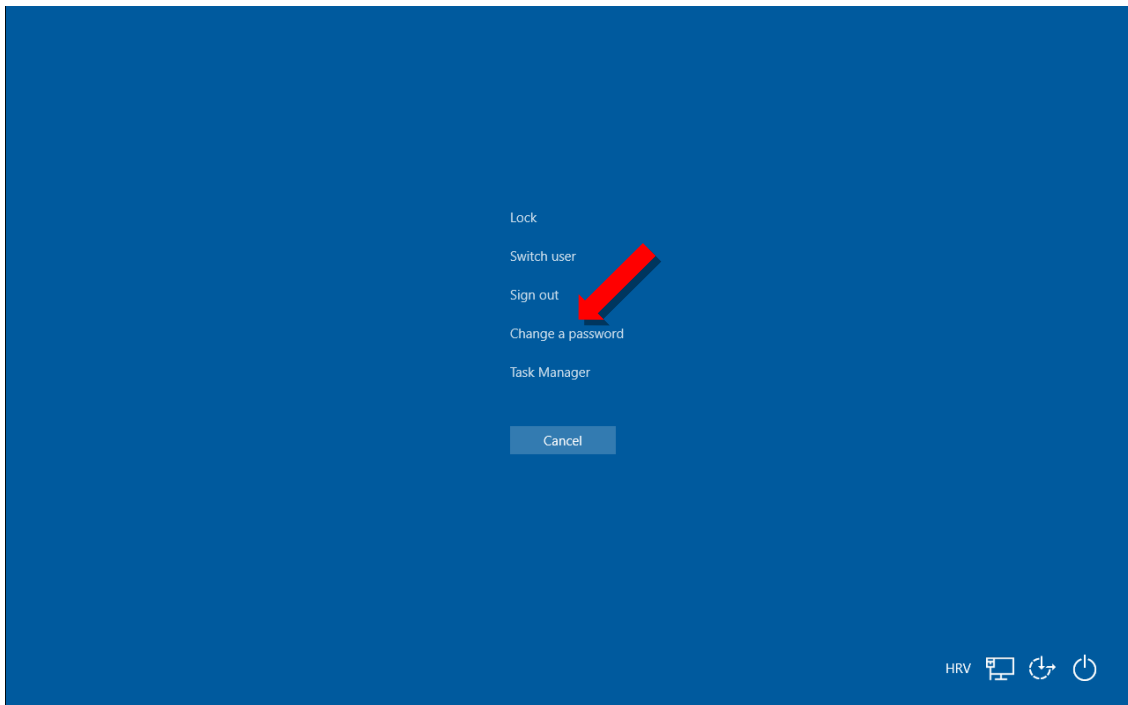

U polja unijeti **PIN** (postojeći PIN), **New PIN** (novi PIN) i **New PIN confirmation** (ponoviti unos novog PIN-a). Po unosu potvrdu provesti odabirom tipke s desne strane (strelica)...

Potvrdom će se pojaviti poruka o uspješnoj promjeni PIN-a.

Postupak promjene PIN-a na operativnom sustavu Windows 8 / 10

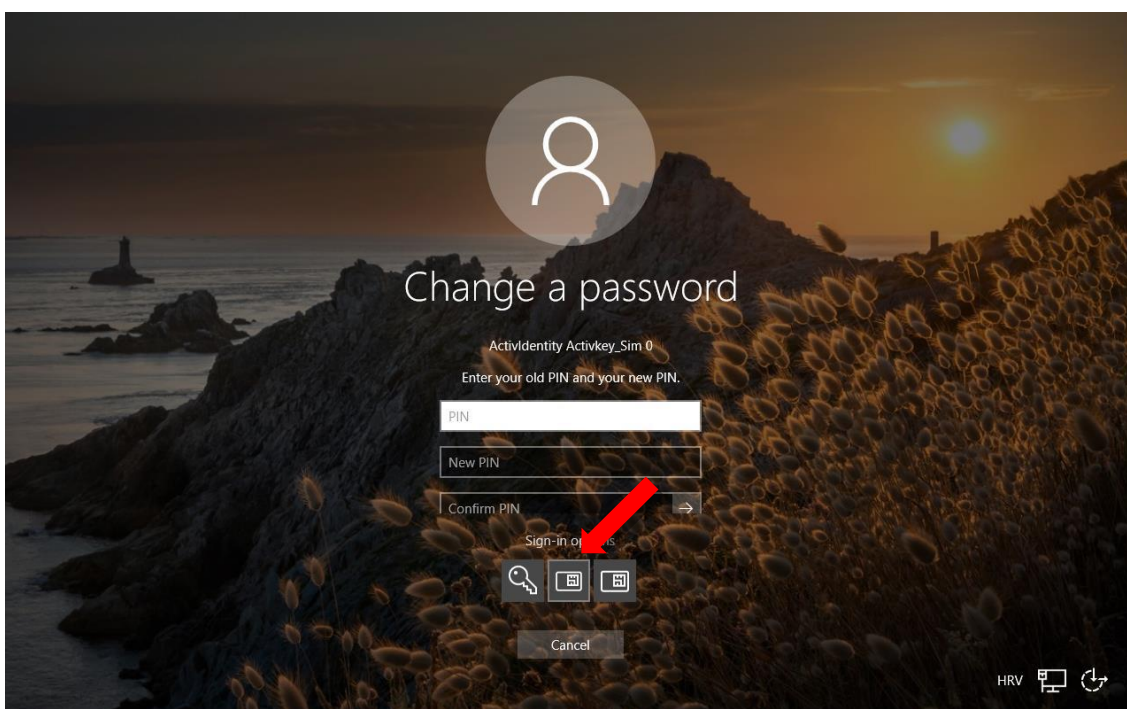

U slučaju potrebe za promjenom, na tipkovnici pritisnuti kombinaciju tipki **Ctrl+Alt+Delete** i odabrati opciju **Change password...**

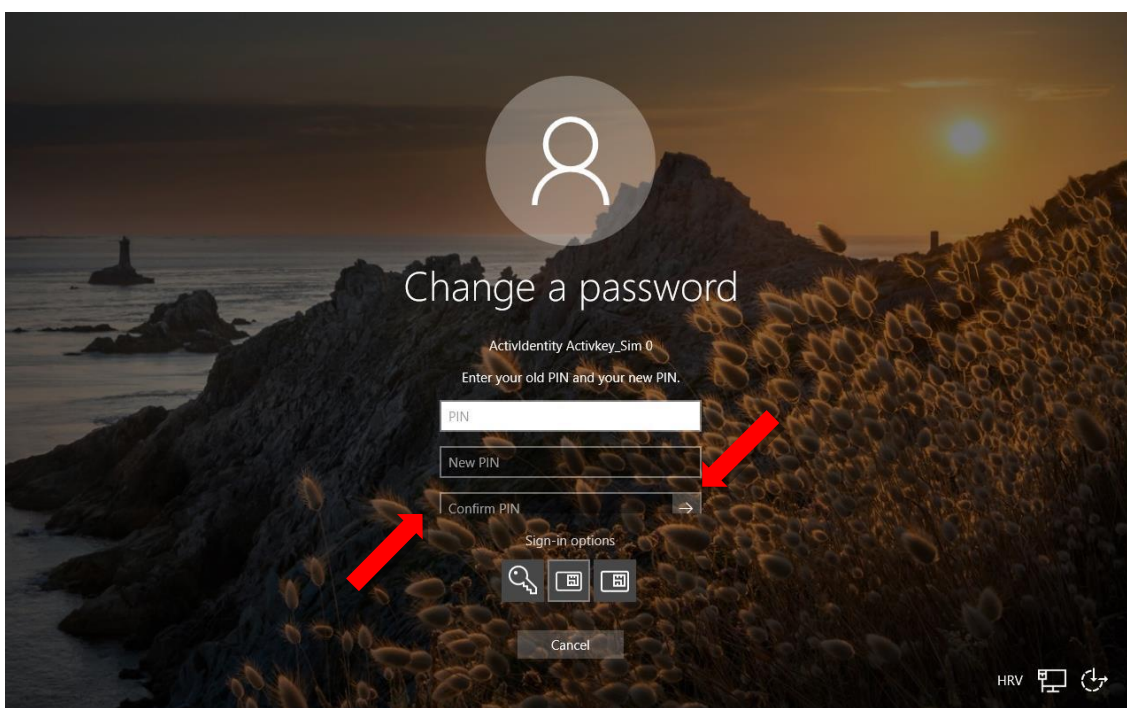

Odabrati odabrati opciju **Sign-in options...**

Odabrali ikonu **SmartCard...**

U polja unijeti **PIN** (postojeći PIN), **New PIN** (novi PIN) i **Confirm PIN** (ponoviti unos novog PIN-a). Po unosu potvrdu provesti odabirom tipke s desne strane (strelica)...

Potvrdom će se pojaviti poruka o uspješnoj promjeni PIN-a.
