FINA Certificate download to QSCD device

Before downloading the FINA Certificate to a QSCD device, please install the required **Software Support** on your PC. We recommend that you perform the initial download of the FINA Certificate through Internet Explorer browser. After successful download of the FINA Certificate, for login and work in the RBA iDIREKT service please wait for an hour for data to be synchronized in the Bank's system.

Steps

In the address bar of the Internet browser enter the address <u>https://mojcert.fina.hr</u>. Connect the QSCD device into the first free USB port on your PC. The system automatically detects and selects the connected device. If multiple devices are connected to the PC, select the serial number of the QSCD device from the drop-down menu. Enter the autohorization code you received by e-mail and select button Next.

Login				
	Connected crypto device	ce ID:		
	8FD8803E1261416E	~		
	Enter Authorization o	ode:		
	••••••	Ŷ		
			Cancel O	Next 🕥

 The QSCD device activation screen opens where you need to define the PIN for the Main slot and PIN for the Signature slot. On this screen you can change the unlock code (not mandatory). After completing your entries select button Activate QSCD device.
